

Fukushima Nuclear Disaster - 4 Year Anniversary

Wednesday, March 11, 2015

Global Community Action Response

Around the world, people will assemble at Japanese Consulates to hand deliver letters of concern addressed to PM Shinzo Abe, about ongoing & hazardous radioactivity escaping from the Fukushima nuclear plant.

In support of all those affected by this environmental and human rights disaster - past, present & future - We stand with the Japanese people: joining them on this anniversary to say 'Saikado Hantai' Do Not Restart! and then to shut down our own 'Fukushimas' while we still have that option...

In San Francisco:

- 3PM assemble at SF Japanese Consulate
275 Battery Street
Action: deliver letters of concern
- 4PM walk to PG&E headquarters
245 Market Street
Action: Demand Shut Down of Diablo Canyon

This event will be Ustreamed worldwide (by IWJ...
